Pink Boots & Country Roots 2026 is shaping up to be our biggest and most meaningful event yet. Presented by Artemis Esthetics & Wellness, this signature breast cancer benefit brings our community together for an unforgettable night of music, purpose, and impact in support of those navigating breast cancer with strength and hope.

Founded by Artemis owner Lindsey Swischuk, this event is rooted in both personal experience and deep seated values. Lindsey grew up on her family's farm in rural Indiana, where hard work, resilience, and community were a way of life. In 2021, at just 35 years old, she was diagnosed with breast cancer, an experience that forever changed her perspective and ignited her passion for improving the patient journey.

Pink Boots & Country Roots is her way of honoring those roots while turning a difficult chapter into something that brings hope to others.

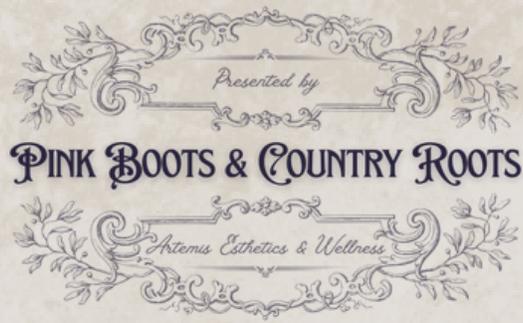

What began as a vision has quickly become a powerful force for good. In 2025, Pink Boots & Country Roots raised nearly \$100,000 for local breast cancer support, proof of what is possible when a community comes together with purpose.

Breast cancer affects nearly 1 in 8 women in the United States. While survival rates now exceed 90 percent thanks to early detection and treatment, the emotional, physical, and financial toll of a diagnosis remains overwhelming for many patients and their families.

Your support of Pink Boots & Country Roots directly funds Cancer Support Services at the OSF Cancer Institute, providing critical care beyond medical treatment, including nutritional counseling, social work services, behavioral health support, and financial assistance for breast cancer patients. These programs ensure that no one faces their cancer journey alone.

Together, we are not just raising funds. We are changing lives. We invite you to join us as a sponsor or donor and be part of the continued impact of Pink Boots & Country Roots.

Thank you for your generosity and partnership.
